MAJOR PROJECTS

Kaenon Technology

<https://kaenon.com/pages/technology>

Worked with Magento team and created advance animation with the use of GSAP and Scroll Magic which made the website alive and engaging, Together with responsive design and cross-browser compatibility. Completing the project within the timeline with client satisfaction.

Ithra

<https://imagine.ithra.com/>

My role in Ithra was to work closely with the designer and develop a design with dragging capabilities , which was done with GSAP. It supports LTR and RTL layout.
